ATTENDANCE POLICY & CANCELLATION

Kidz Therapy, LLC is dedicated to the successful progress of your child through the skilled intervention of occupational therapy. You, on behalf of yourself and your child, show your dedication and commitment to the same successful progress of your child also by entering into reserved weekly time slot(s). Having made this commitment to therapy, we welcome and support you in helping your child succeed. Circumstances that arise (illnesses, school trips, vacations, other medical appointments) are understandable interruptions to the necessary consistent attendance at OT appointments. However, excessive absences affect your child's rate of progress and may take away valuable therapy time another child needs who is on our waiting list.

We look forward to all our clients consistently attending scheduled therapy sessions. If circumstances arise that may prevent attendance for an appointment, please give us as much advance notice as possible if you need to cancel an appointment. A cancellation made less than 24 hours before a session or a missed appointment (no show) will be charged \$75.00. All canceled sessions are expected to be rescheduled or made up. When a session is rescheduled, the cancellation fee will not be charged. This policy does not apply in the event of an emergency or sudden illness. Please do not bring a sick child to therapy. He/she will not be able to perform at his/her full potential. Rescheduling the appointment will enable continued progress.

Kidz Therapy is open with the exception of the following holidays: New Year's Day, Memorial Day, 4th of July, Labor Day, Thanksgiving, and Christmas. If there is a federal holiday please plan on your normal appointment being held unless you are contacted by the therapist to reschedule. Likewise, as a medical practice serving children from all around the DC metro area, we do not follow school closing for weather. Kidz Therapy will be open unless you are contacted by your child's therapist to cancel and arrange for a reschedule treatment session.
